Dear Mr. Toumey:

Enclosed please find my check number 2081 as full payment for your services. I want you to know that your services were exactly what you promised them to be. You discovered that I was being double billed for my caller I.D. service and that I was paying for an 800 number that had not been used in two years. You also found that I had a phone line that I was paying for and not using.

I want you to know that I am very satisfied with your services and would recommend you without hesitation to my friends and acquaintances. Best wishes in the future.

Very truly yours,

Thomas J. Morgan
